

## PRESTIGE AND ELEGANCE

The 900 Riviera de Luxe is the flagship of the BOESCH fleet. Its cockpit comfortably accommodates seven to eight people. Thanks to the multi-functional helm bench seat offering three different seating positions, the cockpit in the 900 Riviera de Luxe can be used for many different purposes. It is perfect for dignified cruising as much as an elegant cocktail party on the water. The built-in refrigerator and the demountable mahogany table invite you to spend time on board. A sink and drain are part of the equipment.

Even below deck, the space on the 900 Riviera de Luxe is extremely generous and luxuriously appointed. There is room for a wide double bed, large amounts of shelf space and a separate WC in the cabin below deck. And nothing stands in the way of unspoilt swimming fun: From the elegant tumblehome stern that features a built-in fresh-water shower there is a wide step ladder leading down to the swimming platform.
